Love suffereth long, and is kind;
love envieth not; love vaunteth not it-
self, is not puffed up, doth not behave
itself unseemly, seeketh not its own,
is not provoked, taketh not account
of evil, rejoiceth not in unrighteous-
ness, but rejoiceth with the truth;
beareth all things, believeth all
things, hopeth all things, endureth all
things.

President Harding has squashed the
League of Nations, and in the same
breath asks for an Association of Na-
tions. The word association means a
state of being, union, connection
whether of persons or things. The
word 'league' means an agreement or
covenant between two or more na-
tions, parties or persons.
It was good campaign stuff.

The Story of
Our StatesBy JONATHAN BRACE
XXVIII.—TEXAS

THE ill-fated
expedition
of Navarez
was responsi-
ble for the
first interest
in Texas.
This large ex-
pedition was wrecked at the
mouth of the Mississippi in 1528.
Four members including Cabeza
de Vaca were captured by the
Indians and spent eight years
wandering through the country
eventually reaching the Gulf of
California. It was their ac-
counts of rich Indian villages
which led the Mexican governor
to send Coronado to explore this
country. He returned after a
two-years' trip without discover-
ing the reputed riches which he
was seeking.

To counteract the aggressions
of the French settlements in
Louisiana, the Spanish estab-
lished many missions throughout
Texas, the most important be-
ing at San Antonio. When the
United States negotiated the
Louisiana Purchase from France
they considered that Texas was
a part of this territory. Over
this question war was nearly
precipitated but finally the United
States withdrew their claims,
in exchange for Spain's with-
drawal of claims to the Oregon
region.

Many Americans began to set-
tle in Texas, among them Gen-
eral Sam Houston and Stephen
F. Austin. Mexico became
alarmed at this rapid increase
of American pioneers which
threatened to crowd out the Mex-
ican population. Oppressive
measures were adopted and
caused the Americans to rise
in rebellion in 1836. During this
uprising occurred the gallant de-
fense of the Alamo by a handful
of Americans and their slaughter
by the vastly superior numbers
of the Mexicans. "Remember the
Alamo," became the Texans' slogan.
General Houston decisively
defeated the Mexican forces
at the battle of San Jacinto and
the Republic of Texas was
born.

Verbenas, Canched with Houston as presi-
dents, Forgetm. The flag contained one
Lantanas, Geum and from this has come the
the Lone Star State. After
rable opposition from the
Texas was annexed to
and became the twen-
ty-second state.

THE MISSION PLAY WILL
CLOSE MAY THE 8

The tenth annual season of the Mis-
sion Play, John Steven McGroarty's
famous pageant drama of early Cali-
fornia life will close Sunday May 8th.
It has been a triumphant season
from every point of view, and during
the eighteen consecutive weeks of its
run the Mission Play has been seen
by thousands of people from every

Vincenzo, Baja California Neophyte

part of the country. In its decade
of existence it has done more to in-
terpret California than any other
single factor in the state.

Telling as it does the glorious story
of the missions by Junipero Serra,
and picturing the gaiety and joy of
the early Spanish days, and finally
the tragedy of the fall of the missions
it is a spectacle that no one who is
interested in California can afford to
miss seeing.

There are just three more weeks of
the present season which will prob-
ably be the last in the old Mission
Playhouse as plans for the new one
are going rapidly forward and there
is every expectation that the Mission
Play will be in its new San Gabriel
home next year.

Frederick Warde the great Shake-
spearian actor is doing most remark-
able work of his career as Junipero
Serra, and is admirably supported by
Mrs. Tyrone Power and a cast of over
one hundred players.

Performances every afternoon ex-
cept Mondays at 2:15 and Wednesday
and Saturday evenings at 8:15 in the
old Mission Playhouse San Gabriel
until and including Sunday May 8th.

Statement of the Ownership, Manage-
ment, Etc., Required by the Act of
Congress of August 24, 1912, of The
Sierra Madre News, published
weekly at Sierra Madre, Cal., for
March 31st, 1921.

State of California, County of Los
Angeles, ss.

Before me, a Notary Public in and
for the state and county aforesaid,
personally appeared L. E. Sharp,
who, having been duly sworn
according to law, deposes and says
that he is the publisher of the Sierra
Madre News and that the following
is, to the best of his knowledge and
belief, a true statement of the own-
ership, management (and if a daily
paper, the circulation), etc., of the
aforesaid publication for the date
shown in the above caption, required
by the Act of August 24, 1912, em-
bodied in section 442, Postal Laws
and Regulations, printed on the re-
verse of this form, to-wit:

1. That the names and addresses of
the publisher, editor, managing editor
and business managers are:

Publisher, Editor and sole man-
ager is L. E. Sharp, Sierra Madre, Cal.
2. That the owner is George B.
McGriggie, Sierra Madre, Cal.

3. That the known bondholders,
mortgagees, and other security hold-
ers owning 1 per cent or more of
total amount of bonds, mortgages, or
other securities are: None.

4. That the two paragraphs next
above, giving the names of the
owners, stockholders, and security
holders, if any, contain not only the
names, stockholders, and security
holders as they appear upon the
books of the company but also, in
cases where the stockholder or secu-
rity holder appears upon the books of
the company as trustee or in any
other fiduciary relation, the name
of the person or corporation for
whom such trustee is acting, is given;
also that the said two paragraphs
contain statements embracing affiant's
full knowledge and belief as to the
circumstances and conditions under
which stockholders who do not appear
upon the books of the company as
trustees, hold stock and securities in
a capacity other than that of a bona
fide owner; and this affiant has no
reason to believe that any other per-
son, association, or corporation has
any interest direct or indirect in the
said stock, bonds, or other securities
than as so stated by him.

Recipe

- 3 oranges
- 3 lemons
- 2 bananas
- 1/2 can apricots
- 3 cups water
- 3 cups sugar

Squeeze oranges and lemons and put apricots and bananas through the sieve. Boil sugar and water to a thin syrup. When cold, add fruit juice and pulp. Chill thoroughly before freezing. One cup of cream may be added before freezing if desired.

COMMITTEES ARE APPOINTED

Flower Festival Organization Perfected—Fine Show Promised

The different flower festival committees met at the Woman's Club House Saturday night and perfected their organization. Mrs. W. H. Ingraham and Mrs. M. D. Welscher have full charge of the cafeteria under whose direction Mrs. W. E. Walker will have charge of the dinners and Mrs. W. E. Anderson will have charge of the luncheons. Mrs. L. C. Brooks will have charge of the Japanese tea booth and she and her assistants will be dressed in native costumes. The Eleven and One Club will have charge of the candy booth and under the direction of the Misses Woodward and with the assistance of a number of the younger girls will sell French bouquets. The art section will be in charge of Mrs. F. L. C. Roess and under the direction of Miss Helen Sadler, many exterior and interior decorations are being arranged for sale and display. Mrs. Louis Dietz will be in charge of the canned and fresh fruit display. Miss Yeda Appleby is in charge of the music, and Mrs. E. C. Newton and Mrs. J. T. Mason have charge of finding all prizes.

Mrs. J. Milton Steinberger, the assistant manager and who has charge of all the programs for the Woman's Club, is working out some wonderfully new color schemes and settings that will be a complete and happy surprise to those visiting the festival. The flower exhibit proper will be held in a tent on the west side of the club house. It will be handsomely decorated on the inside under the direction of F. Monroe Smith. The west veranda of the club house will be given over to the wild flower exhibit. There will be many prizes and a special feature will be a special prize to the school pupil who brings the rarest wild flower to the exhibit.

The east veranda will be used for the dining room and will be enclosed with gay awnings. Pleasing decorative effects with the use of much shrubbery will give it the pergola setting.

A five-piece orchestra composed of professional musicians will furnish the music. There will be no dancing on the verandas, and the dancing on Saturday night will close promptly at twelve.

Several of the merchants are planning exhibits in booths and the ladies are renting space at 25 cents per square foot. Commencing April 21 the committee will establish business offices at the Club House and they will be open from 2 to 4 each day.

In our opinion, this flower festival is going to be a real flower show and the way the women are working is creditable. They deserve much and it is up to every one in Sierra Madre to do their part. There will be big crowds here, and the exhibits are very interesting.

ESTABLISH PERMANENT RATES

Southern California Edison Company, Rates in Effect on April 20

Details were received today by District Manager, Fred Schwartz of the rates established by the State Railroad Commission for the consumers of Southern California Edison Company, effective April 20th. Largely as a result of the marked improvement in water condition and the completion of additional water power plants, economies in operation are to be made by the Southern California Edison Company which cover a reduction in rates to the consumers of from six to twenty per cent.

Application has been made by the Edison Company to the Railroad Commission for the fixing of regular rates and hearings, bearing upon all pertinent questions, were started on the 16th of September last and continued through the remainder of the year, at which municipalities, farm bureaus and consumers were represented by attorneys.

In the establishment of reasonable rates the Commission has granted the company a return on the capital invested sufficient to permit of financing the water power developments contemplated, all of which are necessary to Southern and agricultural growth. The return granted by the Railroad Commission, in addition to being sufficient to attract the necessary new capital for development work, allows a sufficient earning to safeguard the company's dividend policy of eight per cent, and a financial reserve is also provided to insure the continuity of this dividend policy.

Many holders of the company's common stock are residents of Sierra Madre and the surrounding territory. "The new schedules," said District Manager Schwartz today, "affect all lighting, heating and power service based on meter readings, to take effect on and after April 20th."

"The lighting, cooking, and industrial power rates indicate a reduction of approximately ten per cent over the rates that have been effective during the past year. A general reduction of approximately twenty per cent is noticeable in the agricultural schedules."

"Notifications of the new schedules will be sent to each of our consumers in this section giving information as to which schedule service will be billable. Where optional schedules obtain, consumers will be given a copy of each schedule, with a request that a selection be made as to which is desired, for Edison service rendered after April 20th."

LONG BEACH AGREES WITH THEM

J. F. Whiting and family were over from Long Beach Friday. They looked happy and healthy. Mr. Whiting is getting his fill of fishing, and he intimated to us that he was heading a company that would build a pleasure barge this summer. This barge will be anchored several miles from mainland and a small boat will bring people to and from. The barge will be fitted to accommodate twenty people for week end visits or to live upon.

CHRISTIAN SCIENCE SOCIETY LECTURE

The Christian Science Society of Sierra Madre announces a free lecture on the subject of Christian Science by Frank H. Leonard, C. S. B. of Chicago, to be delivered at the Woman's Club House, Monday evening April 25, 1921 at eight o'clock. The public is cordially invited to be present.

W. C. McNAUL HERE**ON BUSINESS**

Mr. W. C. McNaul of Chicago is in Sierra Madre to dispose of his sister's former home, that of the late Mrs. E. Alice Burrell. Mr. McNaul is stopping at the cottage, 367 N. Lima Street, where he spent six months with his sister and brother-in-law, the late Chas. W. Burrell, during the first half of the year 1916.

A TRIP TO LAGUNA

To any one who has ever visited that marvelous stretch of coast and mountains from Balboa Bay to Point San Juan, it is not necessary to ask or wonder why Laguna and Arch Beach should be selected as chief among established Art Colonies. To any lover of beauty in its natural form, the scenic appeal of Laguna's rugged, broken miles of sea tossed, wind swept coast bounded by green hill and dale, is irresistible.

It is a long but beautiful trip from Sierra Madre and will give one inspiration enough for a week's work, providing of course, that you like beautiful scenery. The roads are all good except the streets of Santa Ana, and the least said about them the better. Going through Laguna Canyon we witnessed a miracle of the ocean, and for a time it seemed as though we were driving through water, although quite some distance from the ocean.

MODERN PRISCILLAS AT**YERXA HOME**

Mrs. Ernest Yerxa of 5 W. Carter Avenue will entertain the Modern Priscillas next Thursday afternoon. The club will not meet again, until after the Flower Shower.

VISITING AT PALMDALE

Rudolph Hartman and family and Mrs. Hartman's aunt, Mrs. Caroline Rehberg drove to Palmdale Wednesday and returned last evening. They visited Mr. and Mrs. Harold Pegler.

ENTERTAINS WITH CARDS

Eighteen guests were entertained at a card party Saturday night at the home of Mr. and Mrs. W. S. Hull, 153 Santa Anita Court. Refreshments were served and pink roses were used for decorating.

IS SICKENING

This stuff of "America and Germany," "Germany and Peace" and "What Will Germany Do?" appearing in the small town papers in big editorials is sickening. The war is over. Let Europe adjust her own difficulties. We can lend our moral support and our money, but for heavens sake scrape this Germany stuff off and forget Germany. She is a dirty rotten country and her leaders have caused more suffering than this world has seen or will see and why do we have to be subjected to everlasting reminders as to what Germany is, will be or can be.

SHOULD BE PROUD

Those of you who are not, should be proud of the fact that you live in California, especially if you have a home and a job. Many are the letters coming from the east and middle west telling of the stale condition of business. Many men are out of work and the pep seems to have left the leaders in business. Of course there has been a little depression in business here but not enough to hurt as it has in some localities. The citrus market has been off for some time, but now you read that the orange market is better and the organizations are skillfully arranging matters so that the growers can come out even for this year's crop. What if you don't pay as much income tax this year. What if you do have to cut down on some things can't you be satisfied with the grapes that came your way during the war period? California is the land of optimism and she will never in the world go back. Some day the waters of the Santa Anitas will all be saved. The waters of these mountains will turn the wheels of California's industries and the valleys will feed the entire west.

INDIGNANT OVER
CRUELTY TO DOG

The residents of the neighborhood bordering on Montecito and Mt. Trail Avenues are much exercised over a case of cruelty to an animal which recently occurred there. Because a pet dog belonging to one of their neighbors trespassed on their grounds a certain couple tortured the little animal by beating and pouring turpentine upon it. They admitted having done so because the dog annoyed them. Coming just at a time when "Kindness to Animals Week" is being featured in the prints and in the instructions to school children, this brutality has aroused intense indignation among those knowing of it. Among those who have expressed the opinion that some action should be taken in the matter are Miss E. Hoffman, Mrs. H. A. Darling, Mrs. J. H. Wright, E. Nelson, Alton Farlow, Mrs. O. Seng, S. Abramson and E. K. Stinchcomb.

CERTIFICATE OF FICTITIOUS

FIRE BOND ELECTION—APRIL 26.

Commerce are ex-
large

VOTE THE BONDS

Little or No Increase in Tax Levy Will
Follow Issue of Bonds for
Fire Protection

Following open letter quotes figures from the records to show how light will be the tax burden. The Firemen's Club received the letter in response to a request for facts.

Sierra Madre, Calif., April 13th, 1921.

Mr. Earl D. Topping, Fire Chief,
Sierra Madre, Calif.

Dear Sir:—

In accordance with your request to prepare a statement for the Firemen's Club, as to the probable increase in the tax rate for the next fiscal year 1921-22, should the Fire Apparatus Bond Election for \$16,000 be carried, I herewith present the following estimate:

The assessed valuation for the fiscal year 1919-20 was \$1,749,865, and for 1920-21, \$1,892,530, or an increase of a little over eight (8%) per cent. If the same rate of increase is maintained for the next fiscal year 1921-22, it would be \$2,043,932.

It is reasonable to presume that this increase will be reached, owing to the large addition of new buildings in Sierra Madre that will come into this year's assessment for the first time, and I would not be surprised to see the increase go up to 10% or even higher.

It is well, however, to be on the safe side in making an estimate like this, to take only eight (8%) per cent possible increase in our assessment in computing the necessary taxation for interest on the bonds and the amount necessary for their redemption, as they become due during our fiscal year from July 1st, 1921 to June 30th, 1922, viz.,

	Interest	Bonds	Total	Probable Tax Rate
Issue Water Bonds.	1550.	1000.	2550.	.13
Issue Water Bonds.	4800.	3000.	7800.	.39
Issue Water Bonds.	800.	500.	1300.	.07
Issue Water Bonds.	3217.50	1500.	4717.50	.24
Street Work Bonds.	495.	1000.	1495.	.08
Issue Fire Apparatus.	960.	1000.	1960.	.10
	11822.50	8000.	19822.50	1.01
Taxes for Interest and Bond Redemption 1920-21				.98
			Increase	...03

These figures only cover Interest and the Redemption of bonds and the comparison with this year's taxation is made on an alone showing an increase of only three (3) cents.

If, as seems likely, the tax rate for General Government expenses remains at \$1.00 and for Library purposes 10 cents, the rate would be \$2.11 instead of \$2.08, for the present year.

If our assessment now being made for 1921-22 will show a ten per cent increase over the present years assessment, there need be no increase in the tax rate at all and, thereafter, there will be a reduction in the tax rate of about six cents each year, owing to the redemption of \$8,000 in bonds yearly, on which interest will cease automatically.

Very truly yours,

L. DIETZ,

City Clerk.

WARDE WAS GOOD

Members of Associated Chamber of Commerce Enjoy Fine Meeting At San Gabriel

The most entertaining meeting that we have attended of the San Gabriel Valley Associated Chambers of Commerce, occurred at Alhambra Tuesday night. Frederick Warde of the Mission Play fame was the speaker of the evening and those who were fortunate enough to get tickets were treated to a feast of high class entertainment. Mr. Warde's talk consisted of reminiscences of early days on the stage. He mixed the paths with the humor, gave historical data and praised beautiful California.

Mr. Warde was born in a small town near London. His father was a school master and his mother a farmer's daughter. He studied law for three years and gave it up to go on the stage. His first appearance was in a small town in North England in 1867 as the second murderer in Shakespeare's "Macbeth." Ten years later he was given the leading role at Booth's theater in New York. Two years later his wife joined him in this country. He told of an amusing circumstance connected with the coming of his wife to this country. When he had secured leave to go to England for her, he called: "Sail on Wednesday." His wife sailed and he sailed. They met and passed, unknown to each other, in mid ocean, and in those days it took twenty-two days to make the round trip. Upon Warde's arrival in England, he learned of his wife having sailed on the day he left America. He returned to this country at once. He supported Charlotte Cushman, played the leading Shakespearean roles for several big companies and headed his own company for several years.

During one of his trips across the United States he stopped at Denver and while there engaged Douglas Fairbanks, then a boy of 16 or 17. Douglas had refused to go to school. He wanted to "act" and his mother brought him to Mr. Warde and induced this gentleman to give young Fairbanks a chance. Douglas was given the job of general utility and joined the company that fall. The first role that was given him was that of a Roman soldier who headed a funeral procession in Shakespeare's "Henry VIII." Douglas had very little to say and that was: "Stop my Lord, and let the coffin pass." What Douglas did say the first night he went on was: "Stop, my Lord, and

let the parson cough."

In complimenting the Associated Chambers of Commerce on the many pieces of work accomplished, he admonished them not to give up the fight for the best harbor in California. He told of an interesting bit of history, in that the first boat launched in San Pedro harbor was made by the Indians of the San Gabriel Valley and carried by them to the harbor.

Mr. Warde is three score years and ten. He lives in Los Angeles and goes daily to San Gabriel where he has the leading role in the Mission Play. We hope his type of men will never pass.

Other speakers of the evening were Major Jones of Ross Field, Arcadia, Judge Evans of Monrovia and Mr. Wheeler of Alhambra. The latter gentleman spoke in denunciation of a bill now in the legislature at Sacramento that provides the doing away of the different school trustees over the county. The object in view is to have one board of five governing the school activities of the entire county. This, in our opinion, would be a deplorable condition of affairs. California now stands third in school perfection in the United States and to resort to this condition would hazard the present standards of efficiency.

The ladies of the Methodist Church served the supper, a very good one, topped off with the usual cut of tough crust soaked apple pie. Why we must be apple pie at every banquet is beyond our conception. A very pleasant feature of the evening's entertainment was that cigars and cigarettes were not passed. However, there were a few who did not have the strength to master lady nicotine and blew smoke in the faces of the few ladies who were present.

Those attending from Sierra Madre Chamber of Commerce were: J. H. Wright, James George Norris, F. L. C. Roess, Mr. and Mrs. L. Dietz, Miss Dolores F. Christie and Mr. and Mrs. L. E. Sharp.

DECORATE YOUR WINDOWS

The flower festival will bring many visitors to this town the last three days of April. It will be fitting to decorate the windows of the business houses in the very best style and taste possible.

There is not a city in Southern California that presented as attractive windows during the Christmas season, and at this season with flowers more plentiful, our windows should take on a decided festival appearance.

PARTY AT KARPF HOME

Mr. and Mrs. Louis Karpf delightfully entertained 18 persons at their home on East Grand View, Friday evening. The house was decorated with lilacs and wisteria. The evening was spent in dancing, after which a delicious three course luncheon was served.

ELEVEN AND ONE CLUB

Mrs. Convers L. Twycross entertained the Eleven and One Club at a social evening at her home, Thursday evening. The guest of honor was Mrs. Robert Clark of El Segundo.

CAST YOUR VOTE

Cast your vote for the girl you want to represent Sierra Madre as Maid of Waiting, in the festival to be staged in Monrovia, May 21st.

The Queen will be from Monrovia, chosen by popular vote of that city, and maids of waiting will be sent from every town represented in the Chambers of Commerce of the San Gabriel valley. The costume of each maid of waiting will be the official colors of the town she represents, so cast your vote right away for your favorite candidate. A ballot box will be placed in the News office. Girls get busy.

COOKED FOOD SALE NETS SUBSTANTIAL SUM

The cooked food sale held Saturday by the ladies was a decided financial success and netted a substantial sum for the Disabled Veterans Fund. The sales of food and candy amounted to \$73.21 and \$31.00 worth of bricks were sold, making a total of 104.21. Through the bank and Chamber of Commerce \$120.71 had already been collected from brick sales and donations. A donation of \$50 has been promised by the housekeeping committee of the Red Cross, which will bring the amount contributed from this city to 274.92.

A great many of our citizens had bought bricks in Los Angeles before the matter was called to the attention of the Chamber of Commerce here, otherwise this amount would be greater doubtless, but taking that fact into consideration, those in charge feel that Sierra Madre has given her proportion of the fund. However there are still some unsold bricks at the bank and C. of C. office and anyone who has not yet helped on this fund to take care of our sick and crippled soldiers and sailors who are in Los Angeles and who is desirous of adding his or her dollar, can obtain a brick at either place.

The Story of Our States

By JONATHAN BRACE

VIII. SOUTH CAROLINA

AS MARYLAND had been made a proprietary government, in like manner the territory extending from Virginia to Florida was granted by Charles II in 1663 to eight gentlemen as a reward for their efforts in his behalf. The name Carolina comes from the Latin, Carolus, meaning Charles. It was not really named after Charles II, but originally in honor of Charles IX, king of France, by Huguenots who built a fort near Beaufort in 1562.

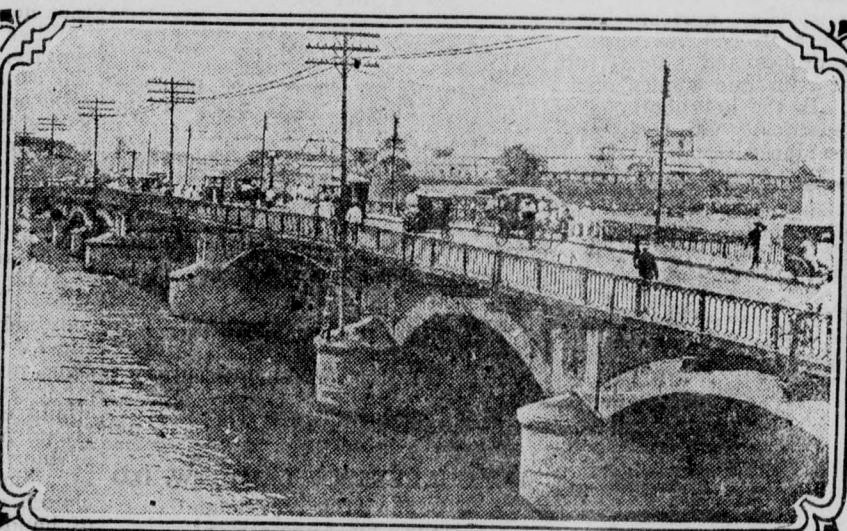

The fact that the Carolinas became later two distinct colonies was due to chance. It happened that the earliest settlements located at points far removed from each other. The first permanent settlements in South Carolina were about Charleston, while those in North Carolina were around Albemarle sound. The life in the two sections also was quite different. South Carolina was largely devoted to the cultivation of rice and indigo and the planters soon grew very rich with their large estates on which the labor was performed by slaves. In fact, just before the Revolution the population showed twice as many blacks as whites.

In 1729 the government of the Carolinas was turned back by the lord proprietors to the king and there was then formed the two separate provinces.

South Carolina was the eighth state to adopt the Constitution, the vote of ratification being passed in May, 1788. The Palmetto state, as South Carolina is sometimes called, extends over 30,989 square miles, and it participates in the presidential election to the extent of nine electors.

A Passing Landmark of Old Manila

This is a photograph of the famous old Bridge of Spain, Manila. It is now a departed landmark of the Philippines, for its place has been taken by one of the finest bridges in the entire Orient, the new Jones bridge.

The Jones Bridge is named in honor of the late Congressman W. A. Jones of Virginia, author of the Jones law of 1916 which promised the Philippines independence upon the establishment of a stable government.

The old Bridge of Spain is called "the mother of Manila's bridges." The original bridge was built of pontoons sometime between the years 1590 and 1600, being known as the Bridge of Boats. The stone bridge shown above was built about 1630. It was twice damaged by earthquakes, and was once partly demolished by a flood.
